

Description

Mi-Wave's 267 Series Coax Omni-directional Antennas have been designed to be used in wide angle applications.

Notes

S/N: NA

Electrical Specifications

	Minimal	Typical	Maximum
Frequency	5 GHz		50 GHz
Bandwidth		Full	
Azimuth Beamwidth		360 °	
Vertical Beamwidth		45 °	
Gain		0 dB	
Polarization		Vertically Pol.	
Power Handling		5 Watts	
Return Loss		14 dB typical	
Specification Temperature		25 °C	
Operating Temperature	-10°C		50°C

Physical Specifications

Antenna Port	2.4mm Female Coax Connector
Housing Material	Aluminum
Radome Material	Rexolite

Tested by: Mark Smith

Date: 2025-09-10
